

**WELCOME TO CHINWAG:
PERFORMANCE REVIEW
AND APPRAISALS.
REIMAGINED & MADE SIMPLE.**

The Problem...

- Traditional performance appraisal and performance review often relies on lots of paperwork and process
- Everyone gets the same one-size-fits-all approach – whether I'm a great or poorer performer!
- Reviews generally run across a three, six or twelve-month, inflexible format
- Subjective rating scales and tenuous links to pay and bonus that are often unpopular!
- Objectives are poorly-worded and written in 'job description jargon/buzzwords'!
- The paperwork often includes unnecessary 'school-report' style employee/manager comments sections and 'management-speak' competency/behavioural frameworks
- Going online or using third party software is just replacing paper with lots of clicks and screens admin!

The Solution...

- Welcome to 'Chinwag': Flexible 121s and performance reviews on an if, as and when needed basis. No more one-size-fits-all!
- It's not a 'bells and whistles', expensive online system, its just a different way of doing things day-to-day.
- Our simple 'low-tech' process is based on a *prompts, not paperwork* approach across 365 days of the year: If you're happy with your team member's performance and they are happy with how things are going then the process you follow with them is different and quicker than with someone who may want/require more attention.
- A different approach to objective-setting: Move on from the SMART cliché with our unique five-step system.
- Our optional extras include Goal Finder access and '180 flip' how you currently handle job descriptions and behavioural frameworks.
- **Free review of your current process**
