PRACTICAL & PUNCHY WORKSHOPS

In-Company & 'Online Live' Workshops: Our Different Approach

- **Because no-one ever said "I wish that training had lasted much longer, had loads more business models, buzzwords and clichés in it and had just used stuff I could have found online!"**
- Our 'online live' and in-Company workshops combine the style of a 'TED talk' with step-by-step techniques and tools: short learning bursts in half-a-day or less!
- No role-plays or gimmicky ice-breakers. People generally hate them!
- We don't fill time with academic, unusable business models
- We give you practical stuff rather than generic pieces of 'advice' or cliché one-liners!
– telling you to 'empower' people isn't really that helpful!
- We don't use the bog-standard agendas you may find elsewhere! Our techniques are often not found in textbooks (where competitors often copy theirs from) and are focused on what actually works at work
- Energetic and inspiring sessions that won't distract you to your phone!
- We train what we know works and what we and others have successfully used
- All in plain-English: we work hard to minimise buzzwords and corporate-speak
- FREE '**Total Recall**' handout and access to online summaries with key techniques/tips to help reinforce learning plus optional '**two weeks on**' memory-joggers.

'OVERNIGHT RESULTS'

From Strategy to Managing Team and Individual Performance

- **Key Performance Indicators, SMART objective-setting, Performance Appraisals and 121 reviews: All have lost their way somewhat and may not be achieving the performance you expect.**
- We have simplified things with a **menu of step-by-step methods and technique** for overnight results. Pick from the following:
 - Our **'One Direction'** solution identifies the goals, strategy and metrics to measure progress at organisation or team level in a new way. Includes our 'Early Warning Indicators' approach.
 - 'Results' as opposed to 'activities' are often difficult to identify in many roles: Implementing a new system isn't a good result unless people use it. Producing reports or content isn't a 'well-done' result if the output is inaccurate or no-one reads it! Our signature, **managing performance short workshop** for managers solves this problem. It includes Lightbulb's plain-English, **'one magic ingredient, three triggers, five steps' formula** that has benefited thousands of managers when setting expectations, objective-setting and reviewing progress. Add the companion 'difficult conversations' workshop for added impact to 180 flip how these are handled.
 - **'Chinwag'** is our flexible 121 process that ditches traditional performance appraisal.
 - **Goal Finder** is a searchable online database with hundreds of example objectives to inspire managers. There is nothing like it anywhere else!
 - **Painless People Management Support 365 days a year:** Ongoing packages to help you manage performance – every day.

PERFORMANCE APPRAISAL/REVIEW.

LIGHTBULB PERFORMANCE

The Problem...

- Traditional performance appraisal and performance review often relies on lots of paperwork and process
- Everyone gets the same one-size-fits-all approach – whether I'm a great or poorer performer!
- Reviews generally run across a three, six or twelve-month, inflexible format
- Subjective rating scales and tenuous links to pay and bonus that are often unpopular!
- Objectives are poorly-worded and written in 'job description jargon/buzzwords'!
- The paperwork often includes unnecessary 'school-report' style employee/manager comments sections and 'management-speak' competency/behavioural frameworks
- Going online or using third party software is just replacing paper with lots of clicks and screens admin!

The Solution...

- Welcome to 'Chinwag': Flexible 121s and performance reviews on an if, as and when needed basis. No more one-size-fits-all!
- It's not a 'bells and whistles', expensive online system, its just a different way of doing things day-to-day.
- Our simple 'low-tech' process is based on a *prompts, not paperwork* approach across 365 days of the year: If you're happy with your team member's performance and they are happy with how things are going then the process you follow with them is different and quicker than with someone who may want/require more attention.
- A different approach to objective-setting: Move on from the SMART cliché with our unique five-step system.
- Our optional extras include Goal Finder access and '180 flip' how you currently handle job descriptions and behavioural frameworks.
- **Free review of your current process**
