PRACTICAL & PUNCHY WORKSHOPS

In-Company & 'Online Live' Workshops: Our Different Approach

- **Because no-one ever said "I wish that training had lasted much longer, had loads more business models, buzzwords and clichés in it and had just used stuff I could have found online!"**
- Our 'online live' and in-Company workshops combine the style of a 'TED talk' with step-by-step techniques and tools: short learning bursts in half-a-day or less!
- No role-plays or gimmicky ice-breakers. People generally hate them!
- We don't fill time with academic, unusable business models
- We give you practical stuff rather than generic pieces of 'advice' or cliché one-liners!
– telling you to 'empower' people isn't really that helpful!
- We don't use the bog-standard agendas you may find elsewhere! Our techniques are often not found in textbooks (where competitors often copy theirs from) and are focused on what actually works at work
- Energetic and inspiring sessions that won't distract you to your phone!
- We train what we know works and what we and others have successfully used
- Plain-speaking: we work hard to minimise buzzwords and corporate-speak
- **FREE 'Total Recall' handout and access to online summaries** plus 'two-weeks on' reminders of key tools/techniques, post-workshop individual support and practice exercises to reinforce learning.

PAINLESS PEOPLE
MANAGEMENT

PROGRAMME

THE FLEXIBLE PAINLESS PEOPLE MANAGEMENT PROGRAMME.

For groups or individuals - 96% of those surveyed post-programme said they would 'definitely use' the tools and techniques and 'would recommend' the training to other managers/leaders

WHY A FLEXIBLE PROGRAMME?

What doesn't work:

- A survey we carried out revealed two key insights: only a third of people attend every scheduled workshop/class in a training programme because of holidays and other commitments. Traditional training workshop delivery (be it online or in-person) is also only one learning method and doesn't suit everyone
- Plus, 81% of people do not want to learn solely from an alternative 'microlearning' approach (regular bite-sized minutes of content). In any case, it doesn't work for more complex skills/ where group interaction/Q and A etc is required!
- Although a lot of people enjoy training 'in the moment', it is questionable how much is retained and how much gets forgotten soon afterwards if not used in everyday life at work

Our programme:

- Our programme works more flexibly around other work priorities – only the online module one workshop and optional online live one-hour masterclasses are at a scheduled time (group programmes only)
- We use six different learning formats to accommodate the different ways that people prefer to take in, use and retain information
- Adapted programmes also available where perhaps only one or two managers require the training
- Includes 121 ongoing email support and activity feedback provided by Paul Marsh, MD Lightbulb
- From reading material and quizzes to short videos and online live masterclasses - and just on those....

- Front-of-mind: A **'whiteboard' visual dashboard** approach to keep everyone focused – not hidden away in drives and databases!
- A common-sense link throughout from organisation strategy to the team member's priorities
- **One Direction for green lights, not red ones!!**

**JOB DESCRIPTIONS, BEHAVIOURS,
COMPETENCIES AND VALUES.**

LIGHTBULB PERFORMANCE

The Day-Job?

- Recognise these 'accountabilities' in your job descriptions?

-Monitor X, Liaise with business, Document procedures, Investigate and resolve issues, Lead the project, Execute the strategy, Establish procedures, Provide support.

NONE OF THESE ACTIVITIES DEFINE THE RESULTS EXPECTED/WHAT I'M PAID FOR!

- Or how about statements like these in behaviour/values guides:

- Take a proactive approach, Collaborate effectively with colleagues, Empower the team, Share best practice,
THESE ARE ALL SUBJECTIVE BUZZWORDS AND JARGON!

- Let us help you define the measurable results and observable behaviours/competencies/values you want to see *for every role*. We have devised a unique, plain-speaking method for job descriptions, targeting and bringing behaviour/values to life.

The Day-Job: Reimagined. A new approach for crystal-clear expectations to help manage performance and development.

PERFORMANCE APPRAISAL/REVIEW.

LIGHTBULB PERFORMANCE

Why What We Do Doesn't Work...

- Most performance review processes are **not directly improving performance** in most organisations. You still have good people leaving, under-performers not improving, a lack of internal talent, concerning behaviours and pay/reward processes that are subjective or just don't feel fair
- **Most Managers already do regular informal 121s!** They *also* then have to do the more formal, 'appraisal' style process because that's **what HR wants to see, police and report on** – it's designed for them!
- The process is normally **one-size-fits-all** and the manager has to **compliantly follow every step** with every team member, and with the same frequency as opposed to a tailored approach
- **Managers don't have the time** to wade through lots of admin-heavy clicks, screens and paperwork
- They would rather have conversations without the need to then **waste time documenting everything** that was said as if collating 'legal evidence'.

.... And Another Thing

- Any performance review process needs to be straightforward enough that **the worst manager will want to do it** – your best managers are already doing the ‘best practice’
- Online systems are full of ‘shout outs’, ‘emojis’, ‘celebrating success’ and ‘feedback’ gimmicks to justify their cost: **few people use or need them** because they already tell the person verbally or via email!
- **Ratings are pointless**, subjective and full of discontent – if they are there for reward calculation reasons then do the money bit another way
- Most performance/development **objectives are poorly worded**, full of buzzwords and euphemisms, are not result-focused and stretched over rigid 6 and 12 month periods. What does ‘*own X process*’ or ‘*manage Y efficiently*’ even mean? Do people always even need objectives?
- The typical process/system **doesn't address underperformance** early enough or have a direct focus on **retaining great people**
- TO SUMMARISE: SOMETHING SIMPLE HAS JUST BEEN **MADE TOO COMPLICATED!**

The Solution...

- Welcome to 'Chinwag': Merging 'formal' performance review with 'informal' 121s to give **Personalised, flexible 121s and performance reviews on an if and when needed basis** but still with a quality control mechanism. No more one-size-fits-all!
- It's not a 'bells and whistles', expensive online system, **it's just a different way of doing things day-to-day**. A plain-speaking focus on what people are achieving and how they are doing it.
- Our simple '**admin-lite**' process is based on a **prompts, not paperwork** approach across 365 days of the year: If you're happy with your team member's performance and they are happy with how things are going then the process you follow with them is different and quicker than with someone who may want/require more attention.
- **A different approach to objective-setting**: Move beyond the SMART cliché with our unique 'three triggers/five-step system'.
- A particular **focus on the best and worst performers** to retain great people, improve underperformance and reduce nasty surprises! Plus: How to link Chinwag to **pay/bonus** decisions.
